“OUR INDUSTRY MAKES LIVES BETTER”

Become a member of the WAIB. Your membership grows our community of company's dedicated to the knowledge that our products make lives better. We aim to use the resources we have—our voice, our business, our commitment to excellence and our community—to do something about bringing the best products possible to the consumer in the safest and most effective ways.

CELEBRATING SUCCESS

Regional

The WAIB plays an active role regionally, with national implications. We are the “boots on the ground” in California.

Membership in CMTA

California Manufacturers & Technology Association:

- Provides the WAIB with valuable access to Legislators
- Access to bills being introduced to the CA Legislature
- Helps the WAIB membership stay in front of issues that affect our industry.

COVID – 19 Essential Workers/Essential Industry

During this public health emergency, our industry has worked together to secure safe sources of ethanol and to create additional production capacity to meet the

overwhelming demand for critical products such as disinfectants and hand sanitizers. The practice of routine cleaning and disinfecting of frequently touched surfaces and proper hand washing by scrubbing with soap and water for at least 20 seconds or using use a hand sanitizer that contains at least 60 percent alcohol continues to be a best practice method of safety and a road to recovery.

WAIB: Actively working for you.

WAIB Board of Directors are actively working on the following initiatives and projects:

- Formulation of Action Plan among Associations on Recycling when empty.
 - As single-use packaging regulations are proposed and adopted, it is critical to ensure your products are not subjected to more unclear or unnecessary rules.
- Participation in CMTA Workshops for our members.
 - To leverage CMTA's lobbying power with California's legislature, because what happens in California does not stay in California.
- Attendance at CARB Staff Stakeholders Consumer Products Regulation workshops.
 - To educate CARB staff on what is technically and commercially feasible to preserve product categories and forms.
- Creation and design of the new "Aerosol Classroom" with our association partners.
 - To capture the knowledge of industry veterans and experts to educate the next generation and other potential stakeholders.
- WAIB participation as CARB begins workshops on New Air Quality Regulations.
- 12 Board Meetings per year.
- "WAIB Action Alerts" via email
 - Keeping our membership up to date on challenges facing the industry and inform of potential impacts to your business. Please be sure to add to safe sender lists addresses info@waib.org and marym@imetz.net .
- Planning for the Aerosol Summit 2022, Nashville, TN.
- Planning for the WAIB Annual Conference 2021 - Napa, California.
- Renewed membership and collaboration with California Manufacturer & Technical Association (CMTA).
